

WOODBINE

The Senior Class of

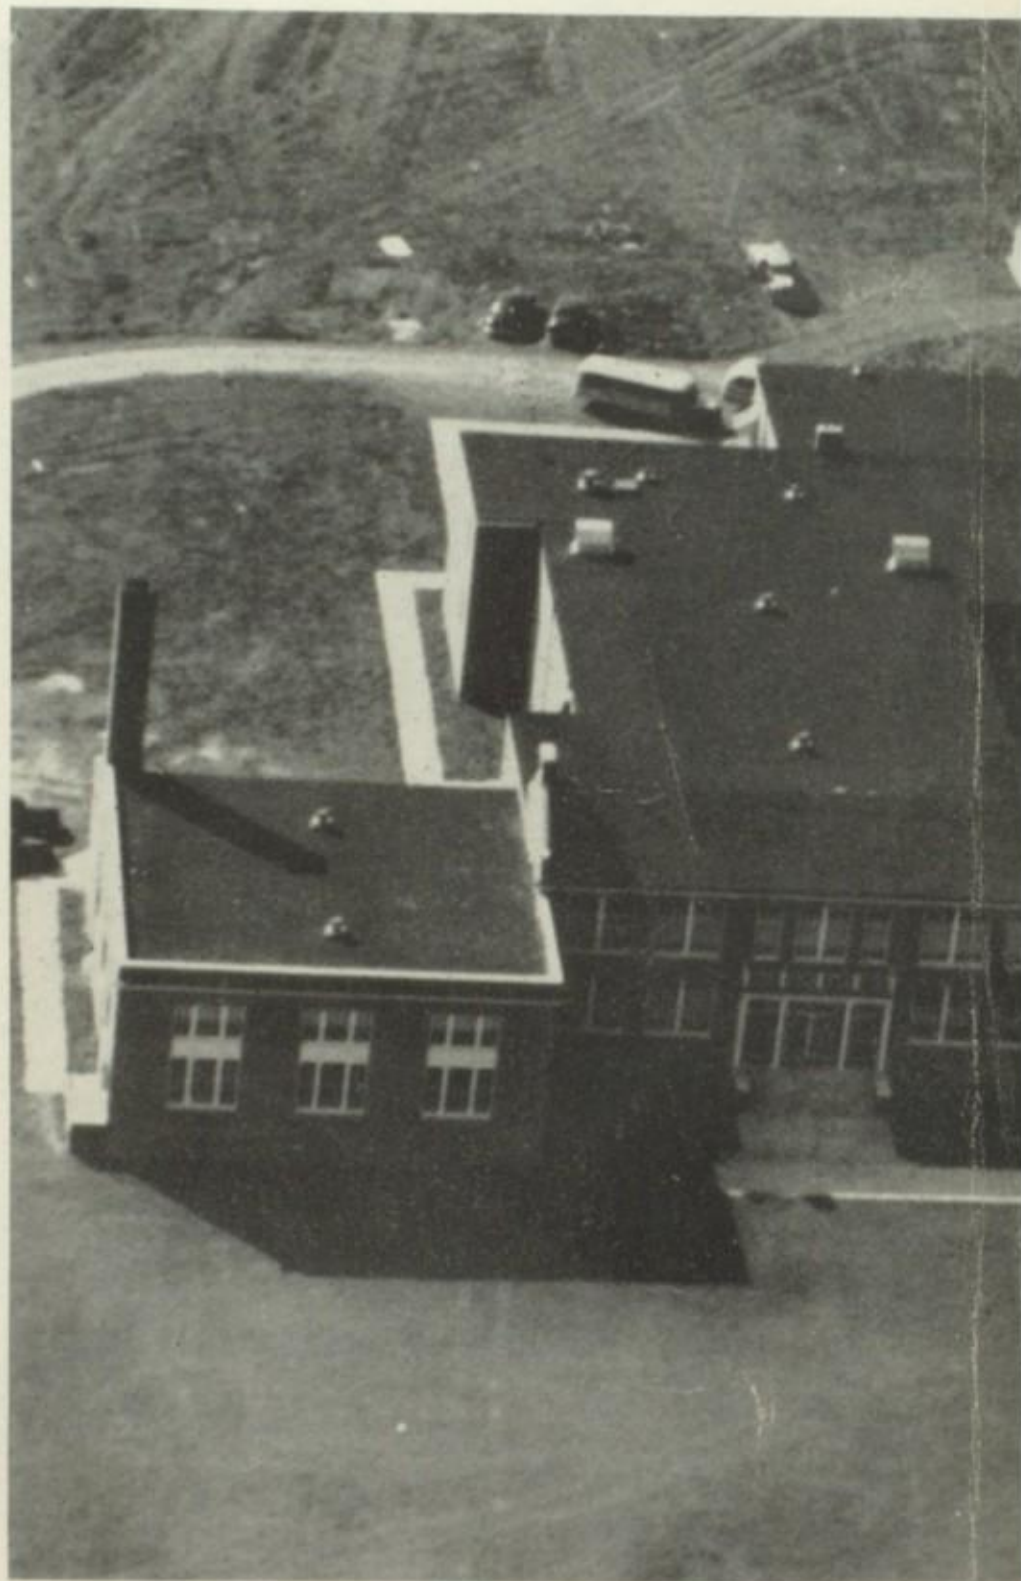

JAMES WOOD HIGH SCHOOL

Presents Its New Baby...

The 1951

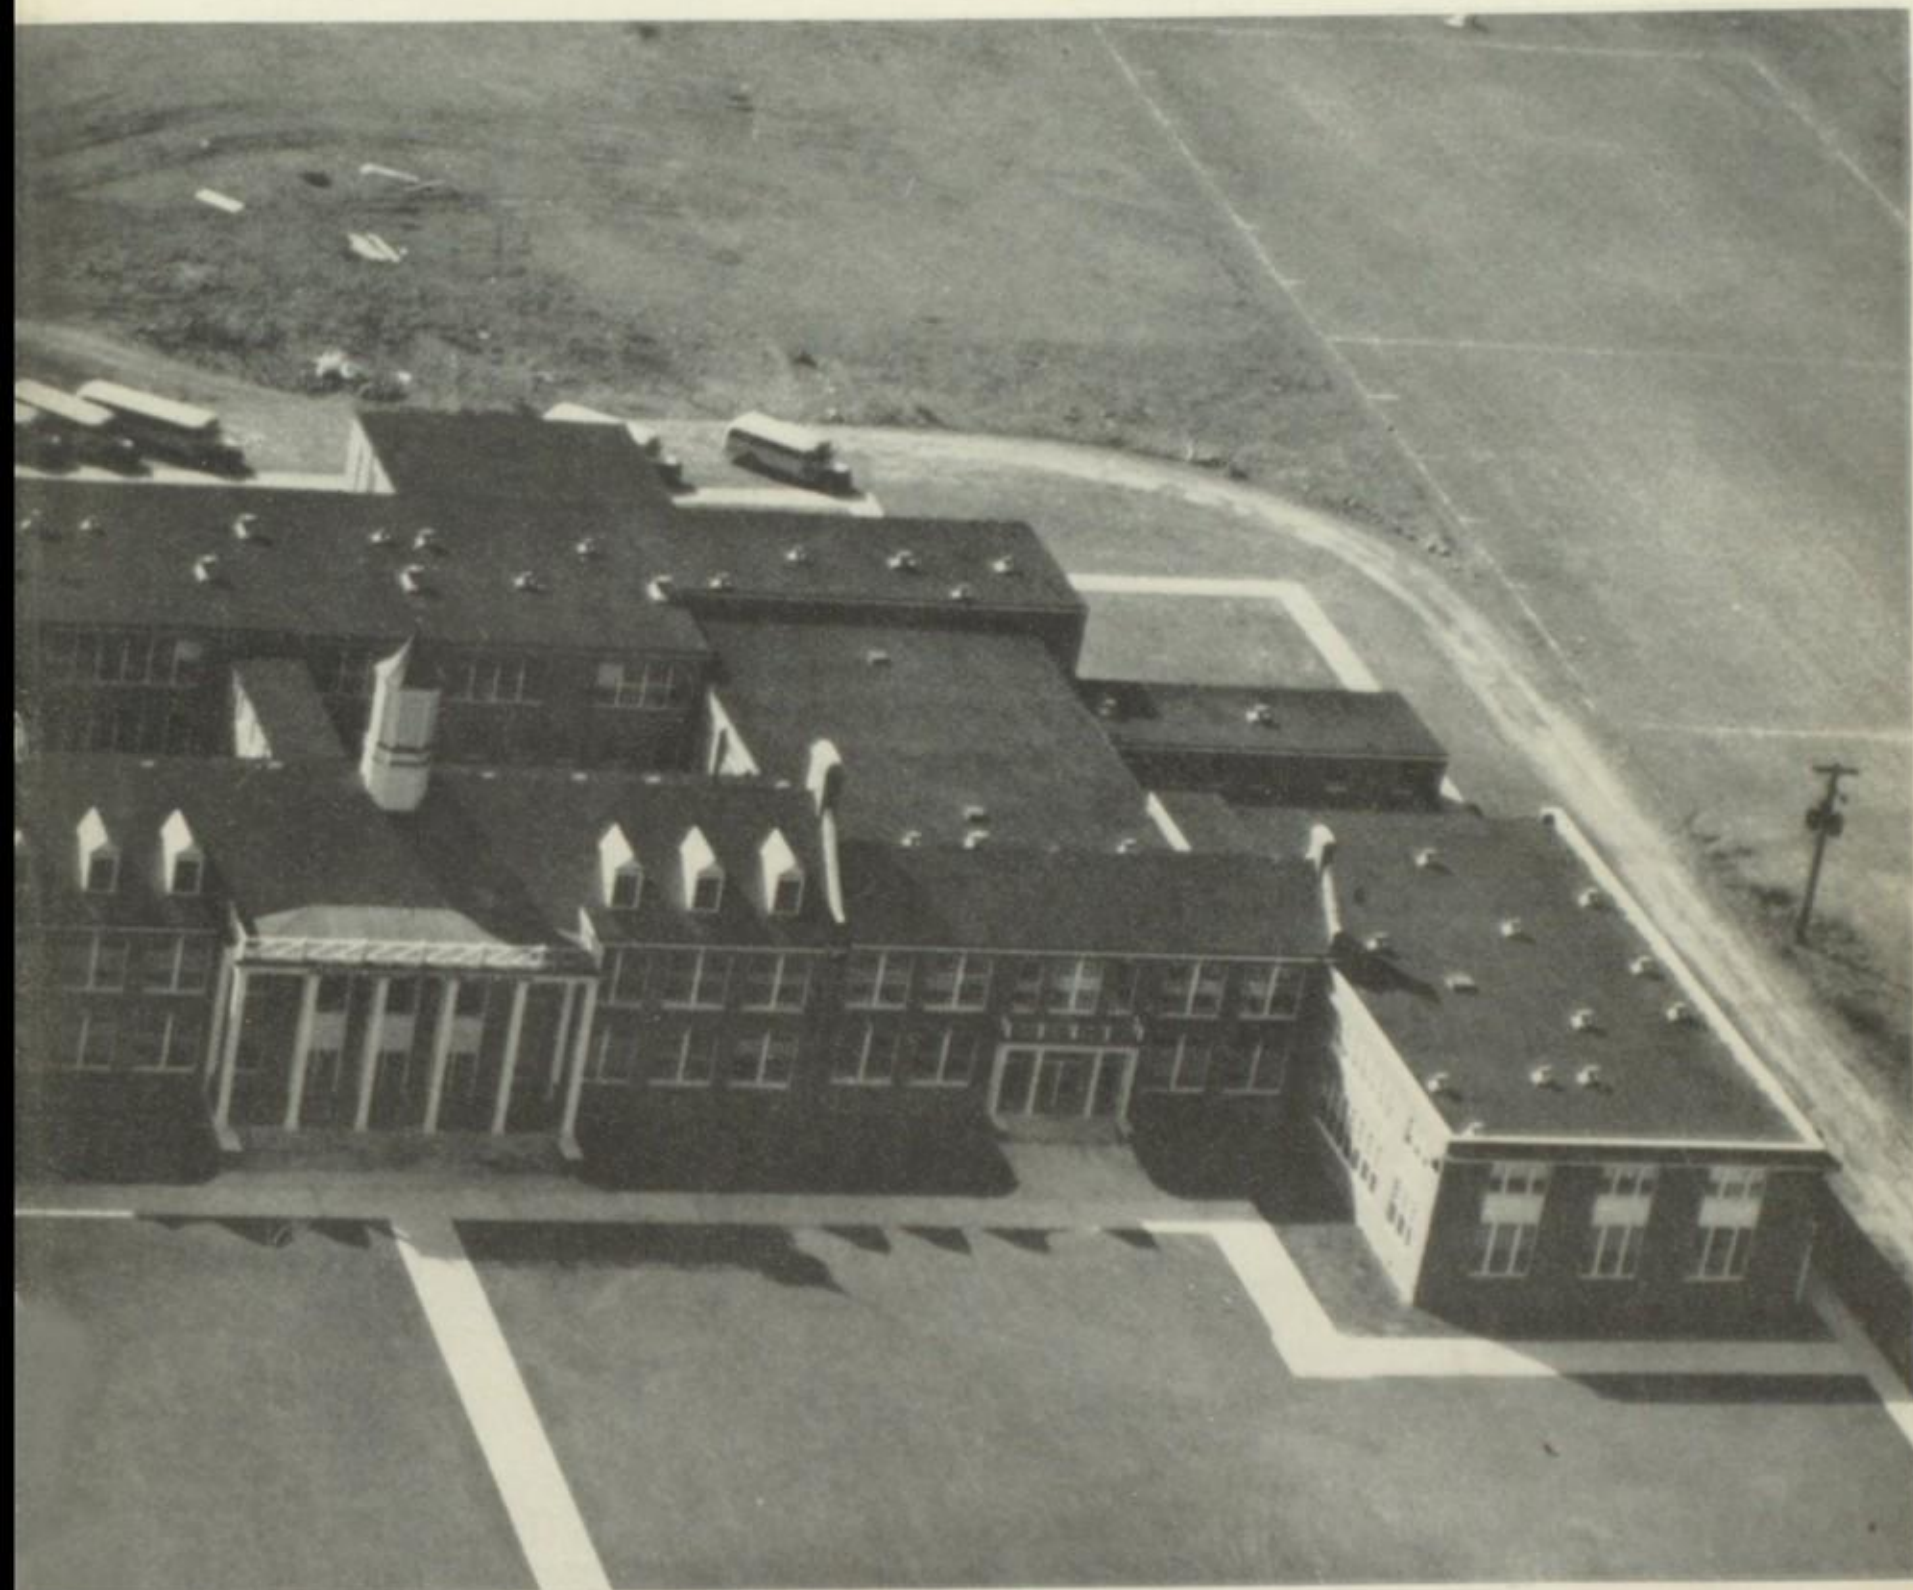

In the heart of the Shenandoah Valley lies the site of the new million-dollar consolidated James Wood High School. The school has thirty adjoining acres; the property was purchased from the Glass Estate, which was formerly owned by the late Colonel James Wood, the founder of the city of Winchester. The English Construction Company started the school in May, 1949, and turned it over to Frederick County July 1, 1950. There are forty-two teachers in the school that contains thirty-two class rooms, plus shops, laboratories, special rooms, offices, and a library, cafeteria, gymnasium, and auditorium.

JAMES WOOD HIGH SCHOOL

WOODBINE

Winchester, Frederick County, Virginia

THE BEGINNING

The theme of *beginning* was chosen for the *Woodbine 1951* because it seemed the only logical theme. James Wood is beginning; the Class of '51 is the beginning Senior Class; this is the beginning annual.

And what could better illustrate the beginning than a baby? So, to illustrate our theme, we have a baby posed to typify the various phases of life at James Wood—Administration, Classes, Activities, and Athletics.

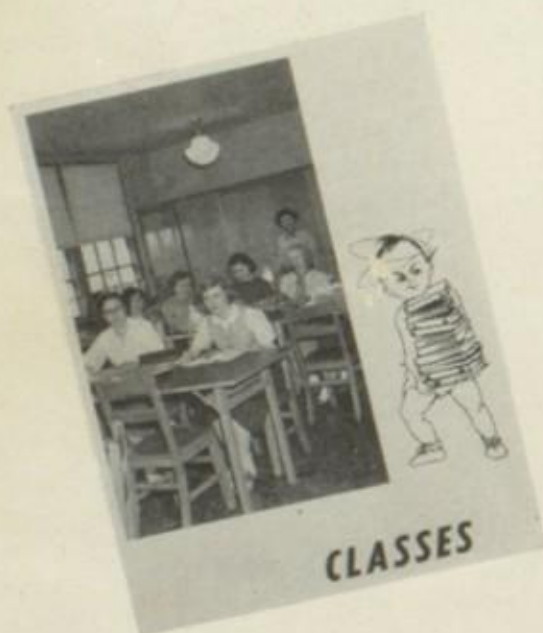

This cherub-like infant will capture your heart as you see him on the first page surrounded by the makings of an annual; on the divider page for Administration looking like a stern professor; staggering under a load of books to announce the Classes section; holding closely a dance program and a bouquet to illustrate the Activities section; and looking just like a miniature football captain on the Athletics page.

We hope that our new baby, beginning its life this year, will find a home in your heart.

CLASS POEM OF '51

Happy are we that work is begun
We the seniors of fifty-one.
Hale and hearty we go on our way
Gay and cheerful with each coming day.

On with our studies, on with our books
Try not to mind the teachers' stern looks.
For it's here today and gone tomorrow
Some are gay, others full of sorrow.

The first thing we know June is here
With all of its graduation cheer.
Now we realize if we haven't before
This is the time we learn the score.

We will receive our diplomas with bliss
Remembering our fun, and any we had to miss.
There were dances, studies, and boys
As were our sad moments and then our joys.

It's the last strict studious year we hope
The last year with our friends to study and joke.
Then it's over and we realize if we haven't before
That we are entering through a strange new door.

We must start climbing life's stairway so steep
The future ahead our past to forever keep.
The future, I hope, will be prosperous and gay
As the seniors of fifty-one each go on his way

WE DEDICATE OUR FIRST YEARBOOK TO

FREDERICK COUNTY

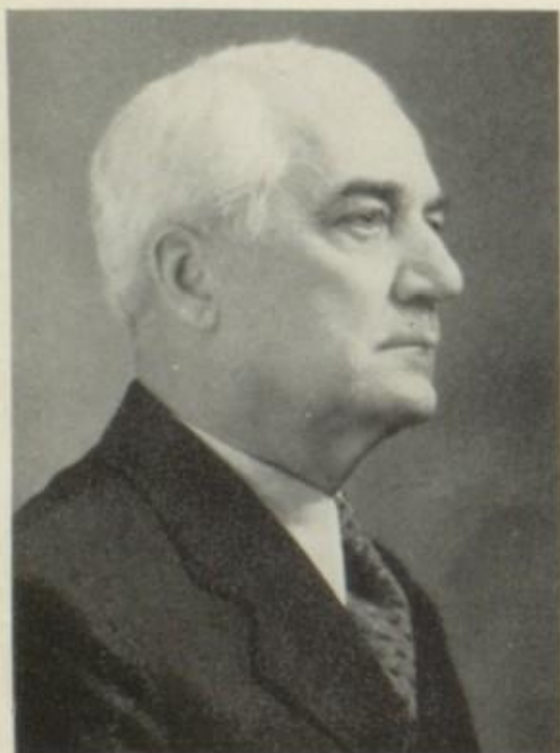

The people of Frederick County—you are who made this wonderful school possible, and to you we wish to dedicate this first annual. In gratitude and appreciation, we dedicate *Woodbine 1951* to the entire population of Frederick County, and especially to Mr. Leslie D. Kline, former Superintendent of Schools, who originated this great idea; to Mr. Robert E. Aylor, present Superintendent of Schools, who has carried out the plan; and to Mr. Paul D. Beable, Principal of James Wood High School, who is participating directly in the fulfillment of the dream.

MR. LESLIE D. KLINE

MR. ROBERT E. AYLOR

MR. PAUL D. BEABLE

ADMINISTRATION

BOARD OF DIRECTORS

Left to right: Fred A. Whitacre, Clayton E. Pingley, Elizabeth L. Sheetz, clerk; Charles E. Bass, chairman;

Robert E. Aylor, superintendent of schools; T. Newton Cather and G. Harry Richard, vice chairman.

Superintendent of Schools

Robert Edward Aylor, our county superintendent of schools, was born in Chatham, Virginia on August 14, 1903. His early education was received in the public schools of Halifax, Middlesex and Albemarle Counties. After he was graduated from Red Hill High School in Albemarle County in 1921, he entered the

University of Virginia and was awarded his B. S. degree in 1925. He later did graduate work in the School of Business Administration at Harvard University and was awarded his Master's Degree in Education on September 1, 1939, from the University of Virginia.

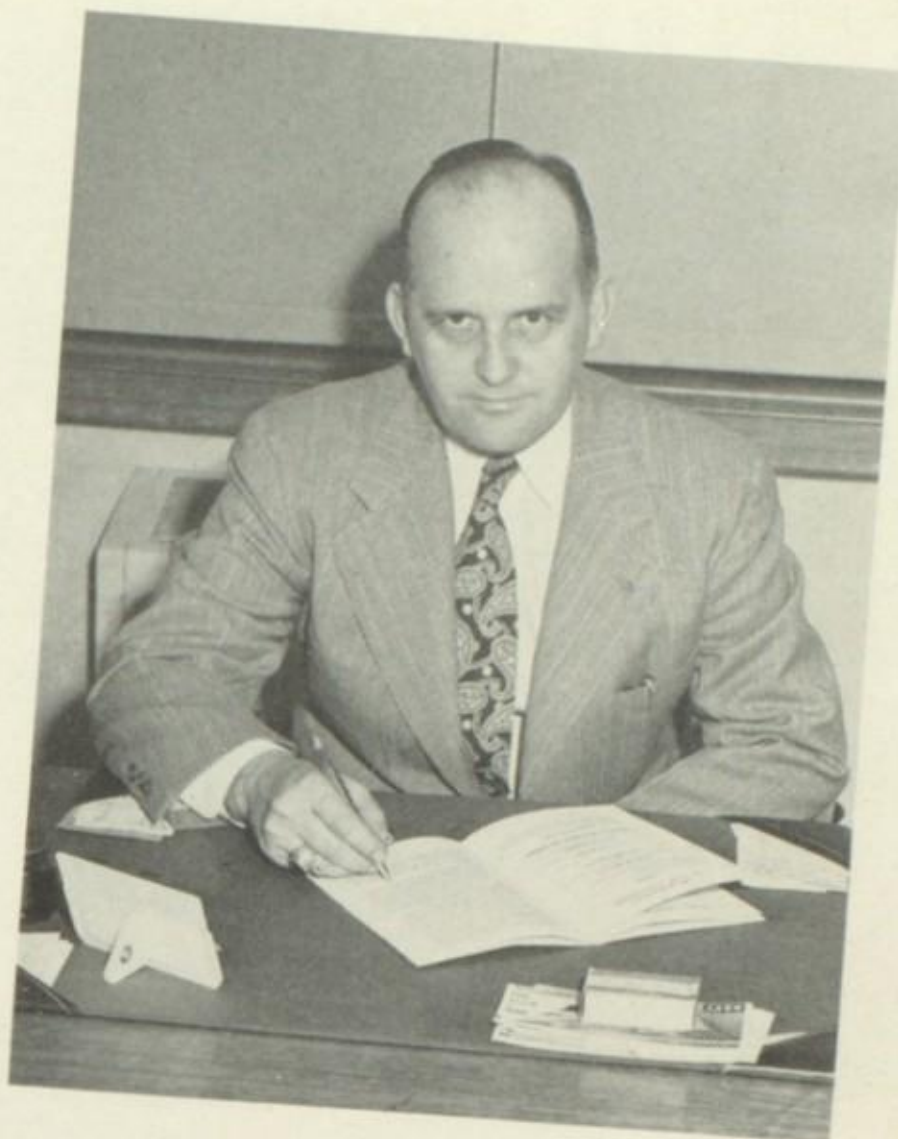

Shown at the dedication ceremonies for James Wood High School are, from left to right, Governor Battle of Virginia; State Senator Byrd, County Treasurer Harry McCann and State Superintendent of Schools Dowell J. Howard.

Mr. Paul D. Beable, who has served as principal of two of the former county high schools, has very successfully performed the task of principal during James Wood's first year.

Mr. Beable received his B.A. degree from Bridgewater College and his M.A. degree from George Washington University. He has also had summer school training at the University of Virginia and Virginia Polytechnic Institute. He is a member of several professional and educational associations including Phi Delta Kappa and is president of the Frederick County Teachers' Association.

We are deeply indebted to our Mr. Beable for his outstanding leadership as the first principal of James Wood High School.

OUR PRINCIPAL

OFFICE STAFF, left to right: Miss Marie Loy and Mildred Kirk

Mr. Charles William Kline, who is assistant principal of James Wood High, has ably carried out the duties related to his position. He also serves as head of the Social Studies Department and teaches history.

Mr. Kline attended West Virginia University and graduated from Shepherd College. He is now doing graduate work on his Master's Degree at American University during summer months. He is a veteran of World War II and served 2½ years in the Anti-aircraft Division overseas.

Mr. Kline's successful year in the capacity of assistant principal has helped to make James Wood outstanding.

ADVISORS AND OFFICERS

We are deeply indebted to our sponsors, Miss Newton and Mr. Colaw, for their guidance and leadership. When they were asked to be our sponsors, they were doubtful about their qualifications since they had never sponsored a class before. We, the Senior Class, want to assure them that there is no doubt in our minds for we know of no one who could have done a better job.

So to you, Miss Newton and Mr. Colaw, the Senior Class of '51 say many thanks for all you have done for us.

SENIOR CLASS PROPHECY

LOIS WHITE
Prophet

As I was walking down the street in Winchester the other day, I saw a fortune teller's sign, and thought it would be nice to know what the members of the Senior Class would be doing ten years from now. Madame Futura's crystal ball brought forth these astounding predictions.

Mary Ann McIlwee has opened a dancing studio in Winchester, teaching the unique "McIlwee Method."

Frances Wolford, the famous interior decorator, has just finished redecorating the White House.

Hillary Brant is seen on television every Tuesday night sponsored by the "Four Roses Garden Club."

Dorothy Coffelt is doing charity work in Frederick County.

Betty Keiter is still collecting stuffed animals. She collects them for Willie, Junior now.

Dolly Shifflett, who has been in the Waves for ten years, has ten more years to go before she can retire for smooth sailing.

Dwain Place is manufacturing a new kind of car called "The Place." His motto is "The Place will go any place."

Louise Walker is busy these days housekeeping. In her spare time she works in her mother's store in Kernstown.

Jane Clevenger is grand winner of the Midget Auto Races held recently at Akron.

Kitty and Mary Bragg work for the Mutual Life Insurance Company. More men are taking out insurance policies than ever before.

Don Taylor is part owner of one of the largest farms in this part of the country. His farming partner is his "little brother" John.

Nancy Sue Cather, Johanna Kettlewell, Pat Sutherland, Nancy Baker, and Libby Hollis are taking nurses training at John Hopkins University. The doctors there received a lecture recently for not concentrating on their work.

Warren Kines is now "big time operator" for the B & M Chevrolet Company.

Gardner Brannon, who is a research chemist, has made a great discovery; it is a new kind of lipstick that is allergic to shirt collars.

Phyllis Dick, Irene Russell, Helen Owens, and Lamaris Sager are office workers. They also take an active part in the "Flippy Flirts" Club.

Charles Cochran, who is still in the Marines, is stoop-shouldered from wearing his numerous decorations and medals.

Robert Renner is Kernstown's biggest car salesman. He is owner of "Renner's Hotrod Haven."

Mildred Kirk is still secretary to Mr. Beable. In her spare time she is bookkeeper at "Hotrod Haven."

Roxanne Roger's thoroughbred horse, "Racing Roxy," has just captured all honors at the Kentucky Derby.

Since Page Huffman, Robert Catir, and Carroll Dalton are bus drivers, it is harder than ever for the girls to keep up with them.

Julian Ebersole, equipped with a brand new police whistle, has advanced to the position of Chief Warden at Sing Sing.

Betty Wolford is now a missionary to China.

Patsy Smith and Phyllis Herbaugh have traveled around the world five times. Both always did get around quite a bit.

Charles Coates, Pat Russell, and Jimmy Hottle, all big time farmers, have a yearly contest to see which one can produce the biggest and best corn. The judges claim it is a hard task trying to decide whose corn is the corniest!

Minnie Russell and Carolyn Solenberger are really up in the air these days. Both are airline hostesses.

Tommy Reardon was catcher in the World Series games which were held recently at the Rouss Ball Park.

Several people of the class of '51 are teaching at James Wood. Ann Mongon is Physical Ed. Instructor, Margaret Brumback is teaching Home Economics, and Jean Marple teaches bookkeeping.

Jerry White and Graham Teets have founded a home in Frederick County for old men. They call it "Bachelors Blockhouse."

Bill Bailey is now a Senator in Washington; not politics, but baseball; he is pitcher for the Washington Senators baseball club.

Mary Hermanson is a nationally known singer. Her theme song is "My Buddy."

Nancy Lee Cather, Jane Grim, Betty Ann Whitacre, and Wilma Ferrell, besides being busy housewives, are active members of the "How to Raise Fourteen and Still Look Young" Club.

There is a new version of Math since Ellen Rivers is teaching that subject at James Wood. The students think 2 and 2 make 22.

Ray Hines is owner of the Capitol Theater. He has three little ushers to help him.

Emmogene Omps, June Luttrell, and Ruth Rinker are all government secretaries in Washington. All three still retain their love for skating.

Pat Swink finally received her one-way ticket to Minnesota. If someone changes Pat's mind, she will go to Hawaii.

Barbara Wolfe is a very successful homemaker. She always did claim they were "cheaper by the dozen."

Victor Crim has given up his career of riding a ship on the high seas in favor of riding a tractor on the farm.

Hazel Barham, Sarah Marks, and Gladys Lamp are the chief operators at the Winchester Telephone Office. They supervise fifty other operators.

Rosa Lee Hendricks is a grand up-roar singer at the Winchester Municipal Opera House.

Helen Newcome is a make-up artist at 20th Century Fox Studios in Hollywood.

"Bucky" Singhass, who held several important positions, still holds his original position as the only remaining bachelor of the class of '51.

Shirley Peoples is secretary to the manager of the A & P chain stores. She still has her old habit of teasing members of the opposite sex.

Jo Ann Wilson has resigned teaching Home Economics in order to devote all of her time to that lucky Sailor.

Donald Luttrell is manager of the A & P chain stores in Winchester.

Charles Hoak is court reporter for the Winchester Juvenile Court.

Jimmy Hammock is owner of the largest garage in the Pinehills.

Paul Strawderman is the last person in the world who will let you down—he is an undertaker.

Warren Thompson is a professor of Agriculture at V. P. I.

Virginia Shifflet, who is a famous novelist, has just finished her sensational new book "All About Adam."

Delmer DeHaven is still in the Navy and captain of the big ship "Lazy Bones."

Mae Snyder and Lois White are lap secretaries at the American Viscose Corporation.

Donnie Anderson is a big executive of the International Harvester Company with a desk for each foot.

THE WOOD POST

With Robert Madigan as editor, *The Wood Post* of James Wood High began its first year of publication in September, 1950. This four-page newspaper, published semi-annually by the Journalism class, and printed by a local concern, is distributed to nearby schools in Frederick and adjoining counties and in West Virginia.

Such features as Woody's Corner, Voice of James Wood, Class and Club News, Sports News, and Elementary School News, as well as news of current interest, makes *The Wood Post* a looked-for item at James Wood.

Pat Smith, Business Manager, confers with Robert Madigan, Editor.

WOODY'S SCRIBBLERS

The Journalism Club was organized in September, 1950, by the members of the Journalism Class. The official name of "Woody's Scribblers" was chosen. The following officers were elected at this time: President, Bill Bailey; Vice-President, Pat Smith; Secretary, Mary Ann McIlwee; Treasurer, Barbara Wolfe; Activities Chairman, Ben Strawderman.

Woody's Scribblers have had an active year. A skating party was sponsored early in the year; there was a snipe hunt, which proved to be quite interesting; and a regal celebration of our spon-

sor, Miss Newton's birthday with a delicious cake baked by members of the club. The yuletide season brought Christmas cheer and a gala party at which time silly gifts were exchanged and the club presented Miss Newton with a compact and a record. The club plans to visit a newspaper office and have a newspaperman speak at a meeting.

At present, membership is limited to members of the class but we hope to have unrestricted membership in the future.

Post. Lower left: Feature editor and inquiring reporter compare notes. Lower right: Miss Newton points out news to sports editor and circulation manager.

ART CLUB

Left to right: M. McIlwee, Reporter; M. Renner, Secretary and Treasurer; Miss Thornhill, Sponsor; J. Clevenger, President; P. Strawderman, Vice-President.

Under the leadership of Jane Clevenger, President, the Art Club has had a very successful year. The knowledge of color and its use has been stressed throughout the year. The club has practiced various types of sketching and painting. Under the direction of our sponsor, Miss Elsie Thornhill, we have enjoyed doing the art work connected with the various school activities. One

of the most interesting activities planned was a trip to Washington, where we visited the National Art Gallery and other artistic points of interests.

We are grateful to Jane and the other officers and to Miss Thornhill for a very enjoyable and successful year.

WOODBINE 1951

The Senior Class of James Wood High School early in the school year felt the urge to get underway with the accomplishment which we have now reached, the publication of the first annual.

The first step toward our goal was the organization of the annual staff at which time the Seniors elected Hillary Brant, Jr., our editor, by holding a secret ballot. There were numerous other editors and assistant editors elected by our staff. Immediately we began work on the annual. Not only did we work during school hours, but we held meetings many nights and Sunday afternoons. Now our worries are over, the annual is ready to be presented to the students and patrons of the school.

It is the sincere wish of the staff members that this, the first annual, will down through the years give inspiration and courage to each class as they face the problems of their high school days.

The James Wood Boys' Bowling League was organized on November 1, 1950. At this date there were 23 members which comprise the present 6 teams. Donnie Anderson was elected to serve as President, Warren Thompson as Secretary, and Vic Crim as Treasurer. The teams bowl Wednesday afternoon of each week with each team bowling 3 games. The teams' names were patterned after automobiles. Mr. Dan Colaw and Mr. Don Perrault volunteered to serve as sponsors.

The girls' afternoon Bowling Club was organized in September. The club is composed of 50 members who belong to one of the 10 teams which have animal names.

At the end of the bowling season, trophies will be awarded to the person with the highest individual average, set and game. Trophies will also go to the winning team and pins to the second.

The James Wood High School Commercial Club was organized in November. The club is composed of fifty-five members.

Membership in the club is open to those

students who are taking commercial courses, and thereby hope to become office workers.

Our goal for the year 1950-51 is to become a member of the Future Business Leaders of America.

JUNIOR DRAMATIC CLUB

OFFICERS: Miss Sewell; Sara Smith, Secretary; Jack Keiter, Treasurer; Betty Layman, President; Helen Rinard, Vice-President; Robert Sager, Reporter; Mr. Whitacre.

The Junior Dramatic Club was organized in November under the sponsorship of Miss Sewell and Mr. Whitacre.

The club gave plays and had charge of an assembly program during the year. Under the

leadership of Betty Layman, President, the club stressed that acting was only a minor part of dramatics; that directing and stage work (lighting, make-up, costumes, set construction, and sound effects) were equally important. Work in our club has been educational as well as enjoyable.

Row 1, left to right: A. Snapp, A. Snyder, B. Russell, R. Whitacre, R. Kirk, C. Willis, B. Campbell, S. White, M. Hoover, P. McCarty, S. Brant, O. Burton, N. Tavenner, M. Smallwood, J. Larrick, S. As this was our first year, most of our time has been spent in organization.

At our first meeting, we elected our officers and an activity committee to lead us during the year.

In March, we presented the play *Junior Prom* which was a big success. We also gave two one-act plays in assembly for the student body.

Most of our time and thought has been with the acquiring of make-up, backdrops, properties and other essentials of play production.

Next year we hope to do bigger and better things.

Our Spanish Club, under the direction of Carolyn Solenberger, President and its sponsors, Mrs. Kersey and Mr. Whitacre, has stressed the use of Spanish in conversation, songs, and correspondence with pupils in foreign countries, and a study of Spanish-speaking people to make for a closer fellowship with our Mexican and South

American neighbors.

This year we have planned luncheons together pledging to speak only Spanish; entertainment of natives of Spanish-speaking countries; the study of Spanish music and the giving of short plays. A fiesta in a patio will be our final celebration.

ROMANI

The Latin Club was organized this year with Laurel Muntzing as President. Under the sponsorship of Mrs. Lucille Kersey, the club is making a study of the customs of the Roman people and presenting at each meeting some phase of the life in the home in ancient days; such as the school, home, theater, literature, music, and religious celebrations.

The club plans to send a representative to the State Latin Tournament.

LIBRARY CLUB

The Library Club was organized this year under the sponsorship of Mrs. Claude Stickley and with Sue Dorsey as President.

The club takes charge of library duties, such as shelving and checking out books. The club visited the Congressional Library in Washington and two groups from the club visited Madison Memorial Library of Madison College.

At monthly meetings, devotions begin the meetings, followed by a song service. One of the important tasks taken up at meetings is the writing of our constitution.

CHRISTMAS CHORUS

ATHLETICS

"THE COLONELS"

The James Wood "Colonels" started off the season with 32 men on the squad.

The coaches, Mr. Harry Caughron and Mr. Robert Tabor, had a hard job ahead of them. This was the first year at James Wood and none of the boys had ever played eleven-man football before, and some hadn't even experienced a game of football.

After several weeks of hard practice, the team went to Harrisonburg, Va., on Friday, September 15, to play their first game. However, due to lack of experience and a strong passing attack by the Harrisonburg eleven, the "Blue Streaks" topped the "Colonels" 46-0. Coach Caughron still had high hopes for his team and was looking forward to the games which would follow.

Friday, September 22, the "Colonels" journeyed to Waynesboro to play Waynesboro High School. The first quarter looked good for the "Colonels" when Allen Barley ran 15 yards to score the first TD for the James Wood "Colonels." Due to lack of experience and a muddy field the "Colonels" bowed to W.H.S. 30-6.

Friday, September 29, the "Colonels" played their first home game at Rouss Park. The boys went into the game with high hopes. Dorsey and Franklin scored touchdowns for J.W. but failed to convert the extra point. As the game concluded, Strasburg had edged James Wood by one point, 13-12.

On October 6, the "Colonels" traveled to Orange, Va., to play their fourth game of the season. The Colonels, out to cop their first win of the season, scored first but failed to make the extra point. However, the strong Orange eleven was not to be denied. They cut loose and won 25-6.

Friday, October 13, the boys were ready to play their second home game against Buena Vista. Being Friday the 13th the boys said it was their lucky day and were ready to whip their opponents. Buena Vista had two strong wins in their favor, but our boys still had high hopes, and right they should, because they trimmed the "Fighting Blues," 20-13.

The "Colonels" had looked forward to their sixth game, Clarke County vs. James Wood. Remem-

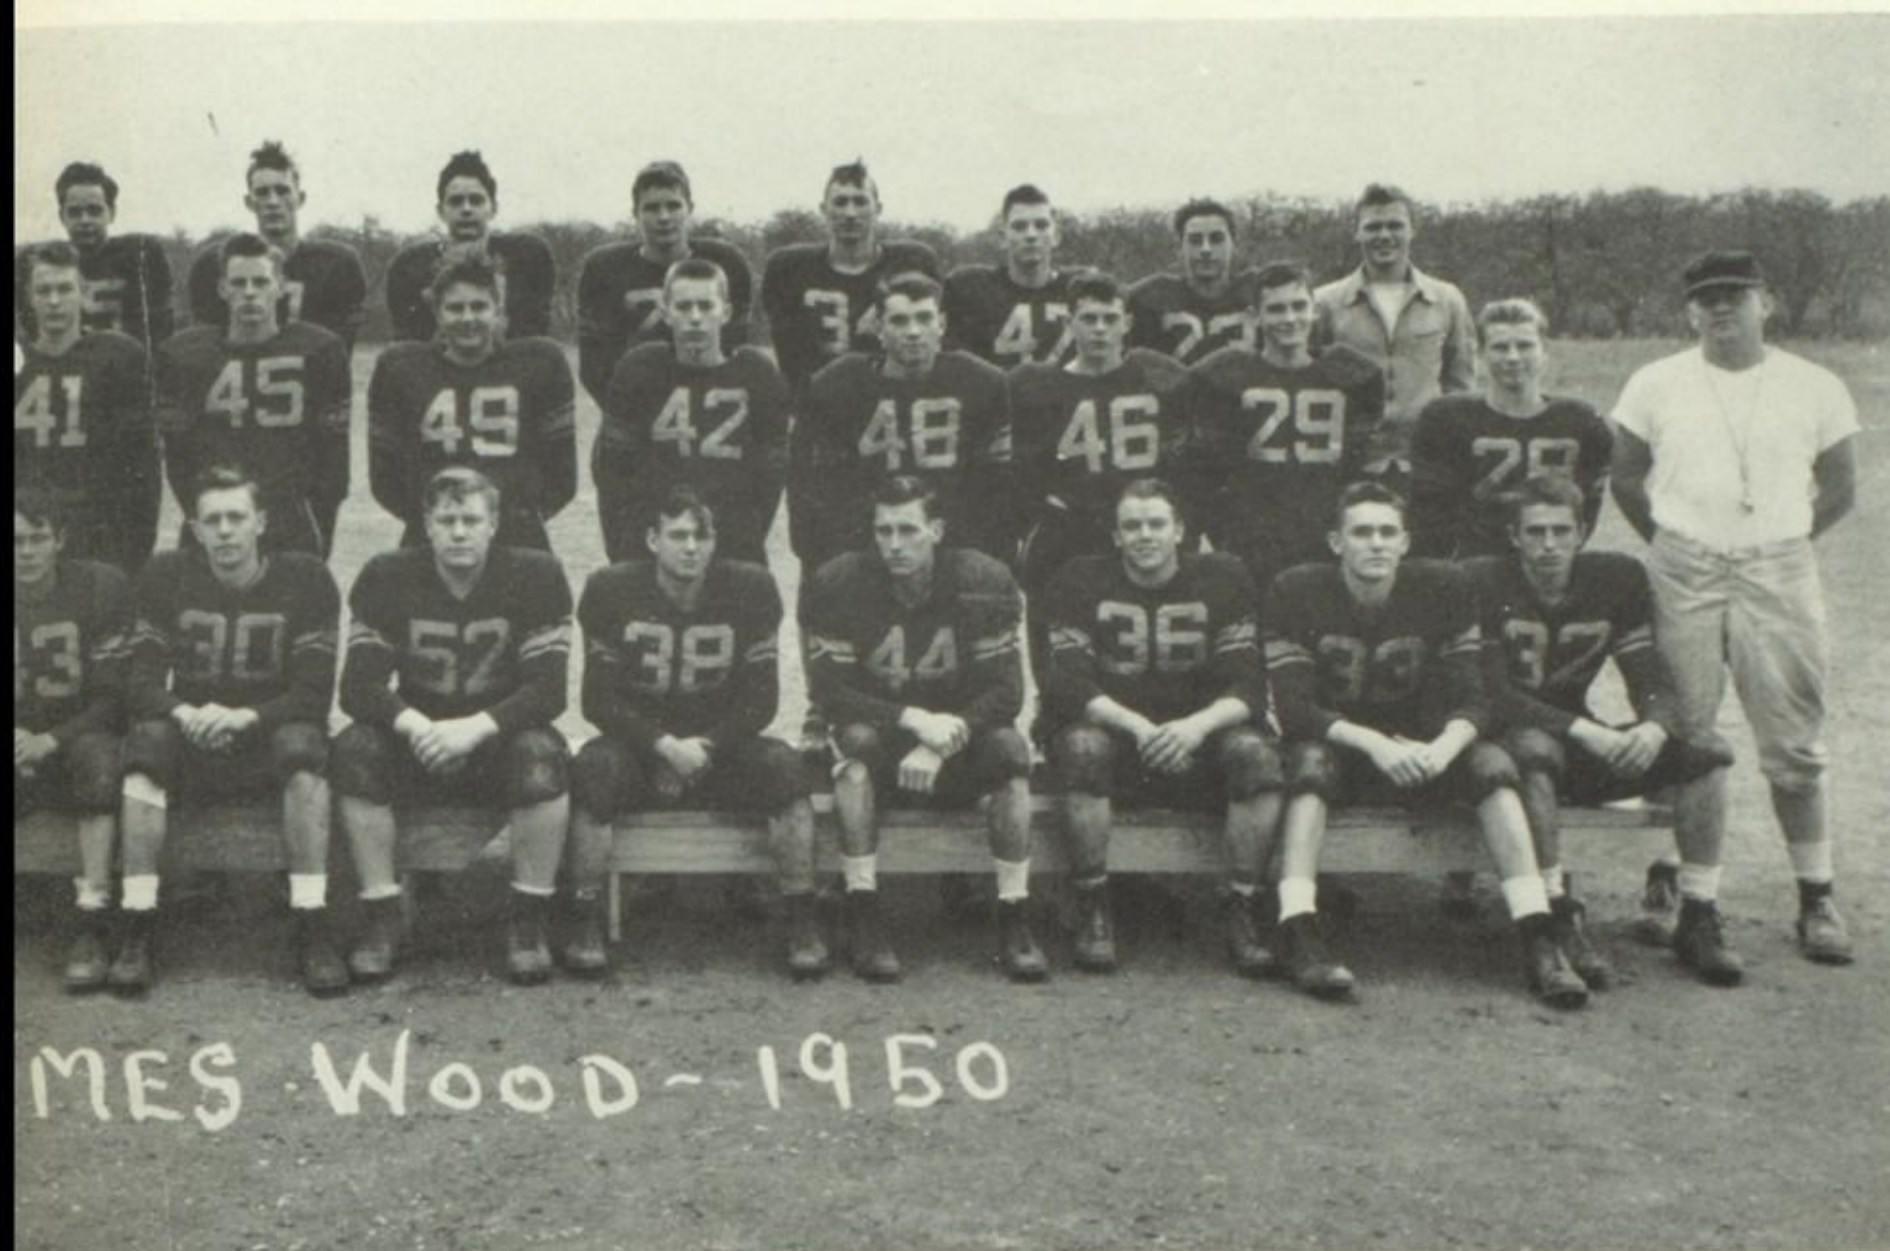

bering the defeat that Clarke County handed the small schools last year, the team took the field determined to win. By the end of a hard-fought game it was certainly fulfilled. The students, as well as the coaches and faculty, were proud of their team when they downed Clarke County 24-7.

Friday, October 27, the "Colonels" with two straight wins under their belts, traveled to Front Royal to play the strong Randolph-Macon Academy eleven. The Cadets opened the game by scoring three times in the first half. The "Colonels" managed to score once in the third. The game ended with the Cadets on the victorious side, 31-6.

The "Colonels," having only two more games left on the schedule, were out to win them, and this they did. On November 3, the squad defeated a strong Warren County eleven 26-14. Bobby Franklin showed his best playing in this game along with his fellow teammates. On November 10 they topped Wilson Memorial 14-7, this saw Dick at his best and help lead his team to victory.

Congratulations, boys, keep up the good work, we're proud of you.

Row 1, left to right: Mr. Caughron, Brown, Barley, Franklin, Gillespie, White, Reardon, Crim, Taylor, Dick, Brannon, Dorsey, and Mr. Taylor. Row 2: Hodgson, Creel, Morrison, Andrews, Taylor, Sheder,

Ewing, Funk, Zirkle, Hammer, Lockhart. Row 3: Cather, Manager; Layman, Manager; Smith, Hodgson, Catlett, Hodgson, DeHaven, Shirley, Driver, Davis, Strawderman, Manager; Manuel and Nicholson were not present.

Left to right: Coach Caughron, Co-Captain Jerry White, Co-Captain Tom Reardon, Coach Tabor.

Row 1: H. Hodgson, J. White, D. Taylor, B. Brannon, B. Kline, B. Bailey, L. Hodgson. Row 2: Coach Caughron, J. Braithwaite, G. Monk, L. Wolfe, J. Funk, A. Rogers, M. Smith, J. Hammer, Coach

Tabor. Row 3: B. Lawman, B. Zirkle, B. Nicholson, J. Taylor, J. Vaughn, C. Omph, T. Davis, G. Cather, Manager.

The initiation of James Wood High School is over; its first year is completed. The rooms will soon be cleared and made ready for another group of students. We feel extremely lucky to have been part of the first graduating class of James Wood High School. Our only regret is that we will not have as many memories of the school as you, the undergraduates will cherish during the coming years.

The members of the Annual Staff sincerely hope that this first edition of the "Woodbine" will serve to recapture with words and pictures the events of the past year. We hope that as you turned the pages of this annual you will have renewed old acquaintances and that it will present a part of the early history of our school from 1950 to 1951. This presents a challenge to future graduates whom we hope will add to its history's honor and glory from 1951 on.

A girl you'd like to know

THE WAY she speaks tells you that she is a girl you'd like to know. She's poised and competent . . . friendly and helpful . . . and she's very anxious to serve you in giving good telephone service.

It's quite possible you do know her. She may live just around the corner. She might even have gone to your school. Now right through the year, she gives a good account of herself in an important job at the Telephone Company.

She's the girl with that famous voice — "The Voice with a Smile." And that means, of course, that she is your cheerful telephone operator.
